The impish, smiling sex-pig Angel is back for more. The curly-haired Czech twink who has a passion for passionate bareback sex conjures up three unwrapped fuck fantasies, with celestial cock-sucking, heavenly ass-rimming, and demonic butt-fucking, and, of course, cum-splattered assholes. In these three protracted scenes of raw, amorous, and erotic Euro-sex, ***Angel and His Bareback Demons*** features a wishful online hookup coming true in an 'Angel and Devil' themed daydream, a classic shower-room jock fantasy come true, and a gym instructor who instructs his weightlifting client about a lot more than barbells. These extra-horny Euro-boys go skin on skin in energetic, enthusiastic, condom-free action. Angel and Alan are the enthusiastic power-bottoms who show off their amazing oral talents before giving up their youthful love-holes for some rapturous, sweaty, butt-pounding. Kiko and Bruno are the amply endowed tops who reach multiple orgasms at the hands, mouths, and love-canals of their talented twinks.

Scene 1 – Angel & Kiko

Angel is looking for hot cock online. Lying in bed, he browses the profiles till he finds the big-dicked stud he wants. He lies back and daydreams, playing with his own cock. In his dream, he's the nude angel, with feather boa wings. Naked, hairy-assed Kiko walks up to him as Angel's hungry mouth goes instantly to work, his own hard cock already pointing north. Kiko's the devil - horns, black make-up - he's got the look. This tall young stud from hell has a hairy chest and stomach, black hair, and an eight-incher that responds to Angel's oral talent. Angel strokes his own as he works on Kiko's. Kiko pushes Angel's willing mouth down on his thick cock. Angel loves it. Angel's hot hand and big mouth work as a tag team. Kiko strokes too for a while, then crams his cock deep into Angel's mouth again. Angel's a blow-job machine. But his oral muscles aren't tired yet. Angel switches to Kiko's ass. Kiko is lying back with his legs in the air as Angel's tongue and lips explore his hairy hole all over. He moves in to work on Kiko's balls as well. His fingers rub the hole and his tongue moistens it up. But Angel hasn't had enough of that big sausage as he goes back to work sucking on it. Next Angel's back to his heavenly rimming, shot from below and in close-up. Angel plays with the hell-hole, massaging it, spitting on it, attacking it. Angel is finally ready to give it up to the demon. He leans over and Kiko pushes in his love piston and starts pounding Angel's sweet ass bareback, his balls loudly slapping against Angel's bubble butt cheeks. This fiendish fucking is shot from a variety of intimate angles; and heavy breathing and moaning accompany the soundtrack. They're doing it in doggie position, faster and faster, harder and harder, till Kiko pulls out and pushes out a hot load of cum

into Angel's asshole. He pushes his oozing cummy cock in and out to finish up. After some demonic kissing, Kiko starts pumping his dick back in for a hellish fucking encore. Kiko then strokes his dick faster and faster as Angel hovers over it pumping his own. Kiko spurts out a second load on Angel's face. Angel's gone over to the dark side as he licks Kiko's cock clean. He then wakes up from his dream hard and stroking. His balls are jumping, his fingers are fucking, and he jerks off faster until he shoots his own load all over his stomach. There's a devilish grin on his face as the scene ends.

Scene 2 – Kiko & Alan

Kiko's back, looking more normal this time. He's shirtless, furiously boxing a punching bag at the gym. Meanwhile, Alan's in the bathroom naked, towelling off from a shower. Kiko walks in, dressed only in boxing gloves and a towel. Alan uses his mouth to remove the gloves and towel, and immediately goes to work on Kiko's thick long cock. Alan licks and swallows, then Kiko strokes as Alan enjoys some balls-licking as well. Then it's back to the job at hand - the blow-job - on Kiko's hot love-cannon. Alan dives in and out as the camera goes up close and personal. Alan is crouching at the altar of Kiko's cock, worshipping the magnificent member as it grows bigger and harder. Alan's certainly equal to Angel in the oral skills department. And of course he's stroking his own dick as he works. Well, after getting that long, intense blow-job, Kiko needs to do something with his hardened-up pole. You guessed it - he leans Alan over the sink and shoves in his ungloved cock. He pounds Alan's bubble butt like a man possessed. It's like an olympic event to him - he's going for the gold! Alan's bulbous behind quivers with the force. And there's the pile-driving penis from below as well - can't miss that shot. Kiko's arm is covered with tattoos - he may not be the devil in this scene, but he's a demon at butt-fucking. Alan's off the sink now, though holding on for balance, still taking it in and out, still as energetic as when they started. He's getting more and more vocal at this point. Next, Alan's kneeling on the floor as Kiko continues his anal assault. It's a hot camera angle from behind with Alan's knees and head on the floor as he gets fucked. Then, he's up again in an acrobatic pose - one leg up on the wall as Kiko keeps pushing his big cock in and out. Damn - my leg would be falling asleep in that position - Alan's a real trooper and power-bottom. Next, Alan's on the floor again as Kiko pulls out and cums a creamy load in Alan's hole. He reinserts again, and then makes Alan lick it clean as more cum drips out. Alan starts giving Kiko another blow-job and Kiko gets hard again. He cums a second time in Alan's mouth. Alan continues to suck Kiko's oozing love-stick.

Scene 3 – Angel & Bruno

Angel's looking a little more butch in this scene, as he's the gym instructor for a weightlifting stud. Bruno has short hair, a goatee, and a sexy muscular build, wearing a tight black tank top. One set is enough, though, as the two start making out immediately in the middle of the deserted gym. They stroke each other's growing cocks through their workout pants. Angel's down on his knees first, as they push down Bruno's pants, revealing the uncut, meaty meal awaiting. Angel puts his prodigious oral skills to work again. Bruno's other muscles are still covered by his top while he gets hard down below in a flash. He pulls the tank over his shoulders to reveal his awesome pecs and ripped abs. Angel's mouth waters, working hot and heavy on Bruno's dick, with the occasional break for some hand action. Bruno's cock is shining with saliva. Angel strips off his shirt and both guys' pants fall to their ankles as Bruno takes his own turn making hot and wet love to Angel's young body. He kisses and licks Angel's chest before going south, taking his jutting cock in his mouth. He's pulling his own prick as he licks and swallows Angel's cock and balls. Next, it's a brief passionate reach-over as they start body-humping. They're standing as Bruno grabs both their hard cocks in his hand and strokes them together. Angel goes back for some more oral, the muscles on Bruno's tight body straining with the feeling. Needless to say, there's much heavy breathing, then hot lip-locking as well - these two are so into each other! Angel strokes Bruno's cock as he eats his nips and they kiss some more. And Angel's down for more cock-sucking - he's addicted to Bruno's rock hard love stick. Finally, Bruno moves Angel to a weight bench. The make-out continues as he ever-so-slowly gets Angel ready for penetration - and we do mean slowly. Bruno keeps both cocks hard as he fingers Angel's hole, runs his hard cock around the entry to heaven. More double stroking - damn, that feels so fucking good! At last, Bruno sticks it in, Alan's leg over his shoulder. Bruno fucks slowly and deliberately. Both Alan's legs are up as Bruno starts pumping faster. Bruno finally strips off his shirt - guess in all this lust, he forgot he still had it on. He fucks and fucks, then pulls out and jacks his cock, then pushes it back in to pound some more. Angel strokes his own cock, breathing faster and faster as he shoots a hot load on his stomach. Bruno kisses Angel's body all over as they're still in fucking position. He picks up the action again and pumps harder, pulls out, strokes his hard-on, and cums in Angel's mouth.

Angel licks and sucks the spooge right out. More passionate kissing - and fade to black.
